COMPLIANCE REVIEW AND A SUBSERVICER

- The Issuer is responsible for the performance of its servicer.
- The compliance review is generally performed on-site at the servicer; however, it is **STRONGLY** recommended that the Issuer actively participate in the review by
 - ✓ Providing a point of contact during the course of the review even if you can't attend the review;
 - ✓ Making the point of contact available to the review team and servicer staff during the review; and
 - ✓ Providing oversight of the servicer's responsiveness and response(s) during the review.

COMPLIANCE REVIEW AND A SUB-CONTRACTOR

- Servicing functions that are outsourced to a sub-contractor may require that the sub-contractor interact with the review team. For example:
 - ✓ Default and loss mitigation options may be outsourced to a third party. Those records will be needed for review by the review team; and
 - ✓ Escrow administration may be handled by a third party. Those records will be needed for review by the review team as well.

RESULTS OF THE COMPLIANCE REVIEW

- Draft Report
 - ✓ A draft report is issued at the conclusion of the compliance review that summarizes the results of the review
- Finding Worksheet(s)
 - ✓ A Finding Worksheet is generated for each instance of non-compliance noted during the review
 - ✓ The Finding Worksheet provides the details of the finding issued and provides the Issuer with an opportunity to agree or disagree with the finding and the next steps required
 - ✓ The Finding Worksheet is signed by the Issuer or its designee

! Findings are communicated to the Issuer during the course of the review. Monitoring the findings as they are communicated will prepare the Issuer for the finding identified in the Draft Final Letter and the Finding Worksheet.

Things to Know – Bank Accounts

- Know the account structure through which funds for Ginnie Mae flow. Be familiar with claims, payoffs, escrow disbursements, and any additional accounts beyond the standard collections clearing and custodial accounts

- Know how initial escrow funds are applied to a loan after the pool has been issued.

CASH MANAGEMENT TESTING

 - ✓ Face-to-face meetings with the review team are recommended to allow for discussion
 - ✓ Status reports may be updated multiple times daily depending on the pace of the review and updates to the status of documentation previously provided

MANAGING THE REVIEW

- **Documentation Deadlines**
 - ✓ Deadlines will be established by the review team for receipt of documentation that can be considered for testing and incorporated into the draft report. Documentation submitted after the deadline will be provided to the follow-up team, but may not affect the findings issued by the review team.
 - ✓ Changes to the draft report cannot be made in the exit conference. Amended draft reports may be provided if error are noted after the exit conference as a result of the quality control review.
 - ✓ The review may conclude prior to the anticipated end date even if all documentation has not been provided to the review team. This will be done if there has been sufficient time to provide the documentation and time on-site is not being used efficiently.

The Exit Conference

Purpose

Findings Worksheets

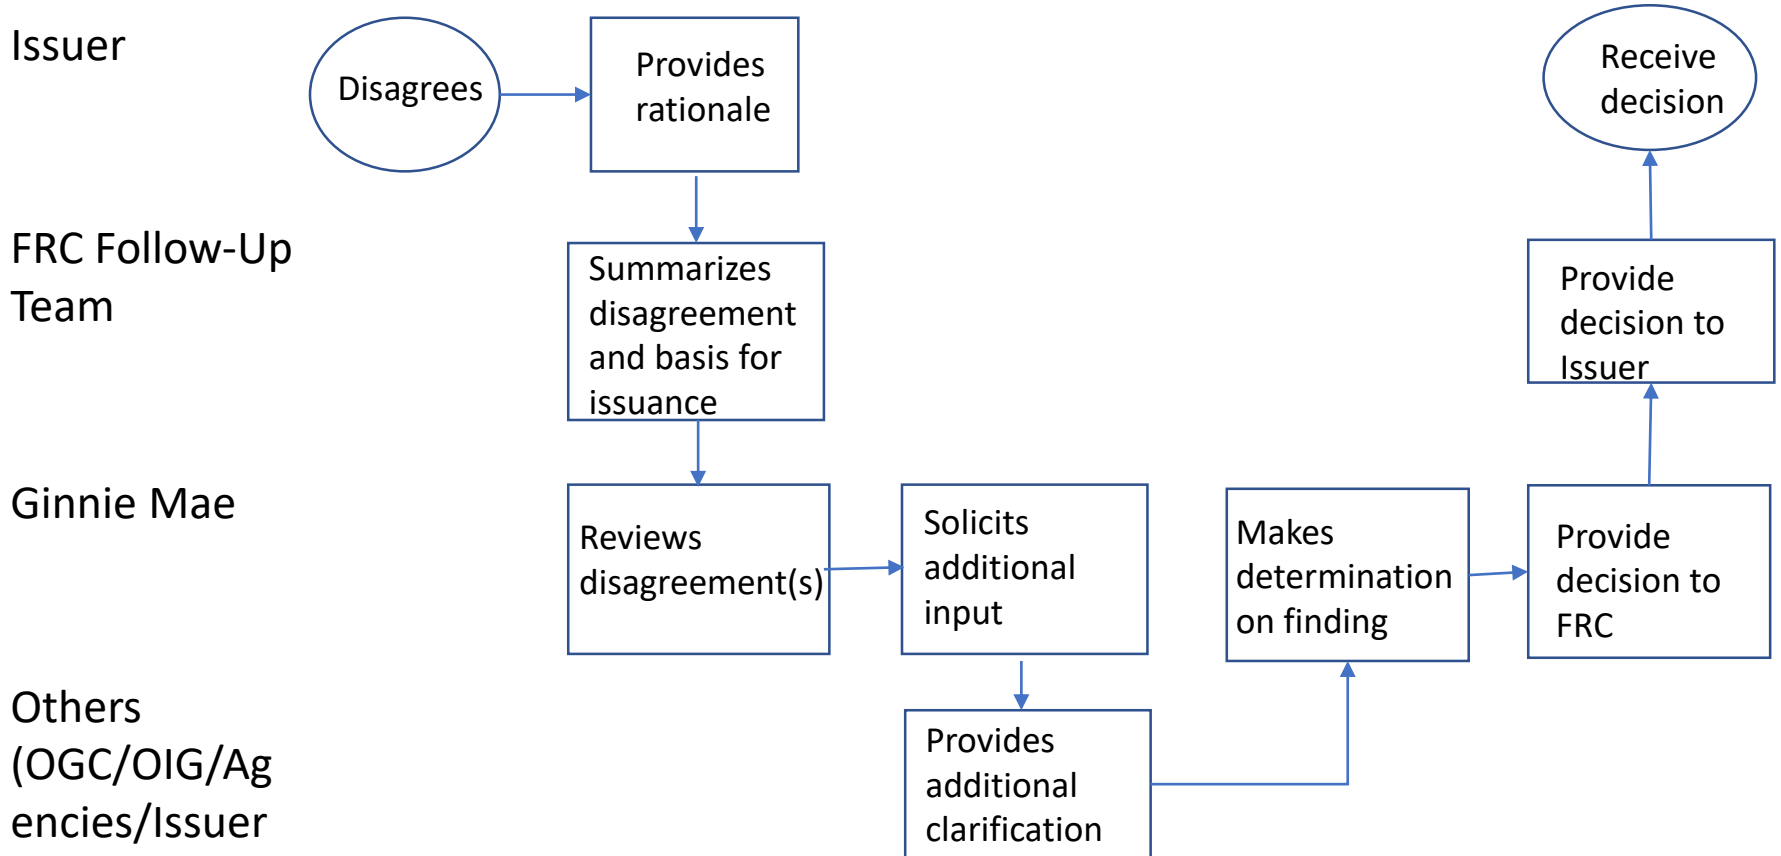

- The designated Issuer contact will be asked to mark a response to each finding:
 - ✓ **Agree:** The Issuer understands the finding and agrees that it is applicable in this instance.
